

CUSTOMER TRAVEL INFORMATION

(REVISED 11/15/18)

In order to help customers make better plans when inclement weather conditions occur, we are proposing the following plans for all of our routes. In cases where snowfall occurs, we will use a 3-tiered plan of conditional notification. **Green**, **Yellow** and **red**.

- **Green** would indicate normal operations. This would be for minimal snowfalls or when conditions improve to unrestricted travel.
- **Yellow** would indicate a higher accumulation of snow with some route modifications.
- **Red** would indicate a significant amount of snow and would carry major route changes which could mean suspension of certain parts of the affected routes.

This plan would enable us to upgrade or downgrade conditions as needed. Conditions would be monitored by members of the Management Team and reports from operators in the field.

COMMUTER-A

YELLOW- The route could experience significant delays due to other traffic not being able to navigate roadways or having to wait for road crews to salt and/or plow certain areas.

RED- The portion of the route from the Charleroi-Monessen Bridge to Sheetz in Monongahela would not be used. Buses would instead use Route 837 to Donora, **RIGHT** to Monessen via Musial Bridge to Monessen to Charleroi-Monessen Bridge, to **LEFT** on Route 88 to resume route. The reverse would happen on the return leg of the route. Rt. 88, **RIGHT** onto Charleroi-Monessen Bridge, **LEFT** onto Rt. 906, **RIGHT** to Musial Bridge, **RIGHT** on McKean Ave, **RIGHT** on 11th Street, **LEFT** onto Rt. 837 to Monongahela to resume route. The route would also experience delays due to other traffic and waiting for snow crews on Rt. 88 south of Finleyville and on Library Hill.

COMMUTER EXPRESS-1

YELLOW- There should only be delays caused by traffic on the roadways.

RED- There should only be delays caused by traffic on the roadways. No detours would be anticipated.

COMMUTER EXPRESS 2-

YELLOW- There should only be delays caused by traffic on the roadways.

RED- After servicing Charleroi the route would detour south on Rt. 88, **RIGHT** to I-70 West to Rt. 43 North to resume route. Route 88 north from the Charleroi-Monessen Bridge to Coyle Curtain Rd. to Rt. 43 would not be serviced.

CAL COMMUTER EXPRESS-

YELLOW- The route should only experience road conditional delays from other traffic.

RED- Route would detour using 3rd through Cal U campus. Wood and Malden Streets would not be used.

VALLEY-1

YELLOW- Belle Vernon High Rise would not receive service. Leave shopping area using Broad Ave. Service North Belle Vernon using Broad Ave. to State St. to Main to resume route.

RED- Belle Vernon High Rise would not be serviced. Broad and State Streets would not be used. Detour would take route from Tri County shops area to I-70 West to Charleroi to resume route. The reverse would apply on the return leg of the route.

VALLEY-2

YELLOW- Route would Travel up Elco Hill to Rt. 43 to California to resume route. Coal Center would not be serviced and Highpoint Road would not be used. Liberty Towers service would depend upon street conditions in California Boro.

RED- Route would not service Rt. 88 south of 1st St going to California (Speers, Dunlevy, Allenport, Roscoe and other points). Route would turn **RIGHT** at 1st Street to I-70 to Rt. 43 to California using 3rd Street. Liberty Towers would not be serviced. After leaving Cal U Campus exit using 3rd Street and proceed to Brownsville WalMart via Rt. 43 to resume route.

VALLEY-2 SPECIAL AM/PM

RED-North of Charleroi the route would detour **RIGHT** across the Charleroi-Monessen Bridge, **LEFT** to Monessen, **RIGHT** to Musial Bridge, **RIGHT** on 837 to Donora to Monongahela to resume route. Fisher Heights via Craven Hill would not be serviced as well as Mon Valley Hospital entrance.

VALLEY 3
